SAFETY CAMPAIGN—Members of the Kiwanis club early yesterday set out to stencil safety signs on curbs on Palm Canyon drive warning against jaywalking. Left to right, Rabbi Arthur B. Lebowitz, Bill Ford, Ray Corliss and Ray Lusby, president of the club.

Police Ask Flat \$50 Per Month Salary Increase

City Manager Russell Rink and Police Chief John Davis this week had under study a letter from the Palm Springs Police Officers' association, a request for a flat \$50 per month pay increase for members of the police department.

The letter was filed with council last week and referred to the city manager and chief for study and recommendation. The letter to council was signed by Sgt. John Herrera, president of the police association.

SGT. HERRERA called attention to the constant upward spiral in the cost of living and said that many members of the force are unable to cope with the increases on the present salary basis.

He also called attention to the cost to members of the force in meeting requirements for uniforms, the cost of equipment and the extra care in appearance while on duty.

SEVERAL KEY MEMBERS of the force, the association letter stated, "those with years of experience in Palm Springs, have taken the California Highway Patrol civil service because of higher pay and other benefits. They are at present on the CHP.

AT LAST, IT'S HERE
Oh, day of days,
Oh, Happy Day,
With this one I am through
Railroads, races,
Just going places,
With not a thing to do.

Comes now the annual period of total rest... No planning... Nothing that has to be done today... Ignore the telephone... Show the date book under the davenport... In other words, vacation begins tomorrow.

ON THIS LAST DAY let's first consider the protests... Not to say kicks... Seems that Detective Durman Ordway says I gave him a lot of trouble in mentioning his episode with the kittens... Wherein he had to cut a hole in the wall of his house to rescue a new family of kittens which had fallen down between the walls and could not be rescued otherwise... He said that since I mentioned it, every kid in the neighborhood has been around to see the hole.

And Mary Pickell called to remonstrate concerning an item in this column in which it intimated she had left a pot boiling on the stove... Bringing out the fire department... I'm a much better cook than that, she said... "It wasn't my pot or my

See THIS SIDE, Page 3

KIWANIANS PAINT CURBS IN SAFETY CAMPAIGN

Several members of Palm Springs Kiwanis club got down on their hands and knees yesterday morning at 6 o'clock to do a public service job for the Village.

They stenciled warning signs to pedestrians not to jaywalk.

The project, which was completed well before noon, warned pedestrians against jay-walking and urged them to use the regularly established cross-walks.

The signs, which extend from Ramon road to Alejo road on Palm Canyon drive are stenciled on the curbs about every two parking meters apart.

Father Hogarth, Former Rector of St. Paul's, Dies

Retired Minister Succumbs After Three-Day Illness

Last rites were said yesterday morning at St. Paul's in the Desert Episcopal church for the Rev. Robert M. Hogarth, rector-emeritus of St. Paul's who died Monday in Redlands Community hospital after a brief illness. He was 69 years of age.

Father Hogarth suffered a stroke Thursday and was removed to the hospital where he succumbed four days later. His passing was quiet and restful according to Rev. William Blondon, present rector.

The Rt. Rev. Donald J. Campbell, suffragan bishop of Los Angeles diocese conducted the service yesterday at 11 a.m. Interment was in Palm Springs cemetery.

Scores of friends were present at the rites to mourn including several visiting clergymen.

FATHER HOGARTH was born in Oconomowoc, Wis., on January 13, 1884. He graduated from the Episcopal Theological Seminary at Cambridge, Mass., in 1911.

He first came west in 1930 going to San Clemente and later to Laguna where he was rector of the Episcopal church until 1939.

In 1941 he came to Palm Springs and was in charge of St. Paul's until 1952 when he retired. During his term of service here he was instrumental in great strides made by St. Paul's both in spiritual and physical gains.

UPON HIS RETIREMENT in January, 1952, he went to Yucca where he lived with a sister, Miss Mae Hogarth. During the time after his retirement he officiated at a new Episcopal church at Twenty-ninth Palms.

Father Hogarth was a member of Palm Springs Rotary club and the Masonic Lodge.

Mrs. McCarn Back

City Clerk Louise McCarn who is on vacation is back in the village after a trip to San Francisco where she visited her daughter and family.

Investigation of Vandalism Reveals Raids

Arrest 5 Youths, Seek Two More in Burglary Round-Up

Chief of Police John S. Davis announced Tuesday that the arrest of five juveniles and a search for two more, has cleared up two burglaries here and numerous acts of vandalism in the past few weeks.

Burglaries involved in the investigation were that of the Meyer Lewis home at 657 Via Miraleste and the Matich Brothers Construction company tool storage house at Cathedral City.

ACTS OF VANDALISM included the chopping down of a palm tree at the high school, illegal entry and destruction on other places, explosions in the mountains, firing of containers and others, still being studied.

The case developed as result of investigation by City Detective Ted Greene of the juvenile detail, and Ray Youngberg, Riverside county deputy sheriff.

They were assigned jointly to the investigation following the acts of vandalism within the city and in the surrounding county area.

INFORMATION was developed by the two officers which resulted in the questioning of several local juveniles. During the interrogation by the police the burglary of the Lewis residence was solved. Several cases of liquor were stolen.

The raid on the Matich Brothers tool house was also revealed. Several sticks of dynamite and fuse were taken there.

While the investigation was developing several of the juveniles under suspicion left the city and as a result, delays were encountered in completing the study.

FIVE LOCAL JUVENILES were arrested in the case, involved in the burglaries and acts of vandalism. They will be certified to the juvenile court at Riverside. It is expected, said Chief Davis, that they will be brought up for hearing in Riverside superior court July 31.

Chief Davis withheld all names in connection with the case until the other two suspects, still at large, are picked up for further questioning.

SETTING OF THE TAX for the fiscal year was deferred by council until the next meeting.

Sums for the various departments designated by the ordinance are:

Welwood Murray Library, \$24.20.

Operation of city, 272,803.

Advertising, parks, music, 33,000.

Sewage facilities, 67,985.

City Manager Russell Rink said that the tax rate will undoubtedly be maintained at \$1.28 per \$100 assessed valuation.

HE POINTED OUT that assessment figures made public last week by Assessor Frank Burchfield were within one per cent of the estimate made when the budget was drawn.

When public utility assessments, made by the state, are added to the figure presented by Burchfield last week, the total city assessment is expected to exceed \$33,400,000.

The \$1.28 tax rate for the new year was based on an estimate of total assessed value of \$33,100,000, a figure incorporated in the budget adopted by council last week.

HE WARNED council that it might find itself smothered in protests and might have to call a public hearing on the measure.

Mayor Charles Farrell also said that the proposed ordinance could start a heated controversy.

He said that a similar law had been proposed some years ago and that it had been "very controversial."

The first law was proposed shortly after the city was incorporated 15 years ago and produced a hot battle.

NATHANSON INDICATED his proposal was not based on morality or scantiness of attire.

If they cannot walk up and down Palm Canyon drive or city streets without shirts, they won't be able to go into restaurants, cafes and lunch counters that way.

It will aid cafe and restaurant operators to protect their more squeamish customers who do not

like to sit next to shirtless men, he indicated.

AT ANY RATE, consensus at council meeting was that if the ordinance were enacted into law there would be plenty of controversy.

It was also said that there will be plenty of discussion of the measure between now and the time it is up before council for adoption or rejection.

Council, after brief discussion, instructed Jerry Bunker city attorney, to draw up such an ordinance.

Bunker took the assignment with his tongue in his cheek.

HE ASKED council that it might find itself smothered in protests and might have to call a public hearing on the measure.

Mayor Charles Farrell also said that the proposed ordinance could start a heated controversy.

He said that a similar law had been proposed some years ago and that it had been "very controversial."

The first law was proposed shortly after the city was incorporated 15 years ago and produced a hot battle.

WHAT NOW? All regular meetings of local agencies have been open to the public as far as we know. Many special meetings have been held without advance notice however, which is tantamount to a secret meeting. Such practice will hereafter be unlawful. But the question of deliberations is a different matter and one not specifically covered in the law. What is to prevent the city council, for example, from deliberating in private and taking action as a result of such deliberation at a regular and legal session without further discussion? Nothing, as we see it. You just couldn't keep members of the council from "talking things over" before their regular meetings.

All the local agencies should, however, see that their regular and special meetings comply with the new law or the actions which they take may be nullified. More important, however, is that members of local agencies heed the plain-spoken admonition of the state legislature that the people have a right to

OFF TO JAMBOREE—Eleven Palm Springs district Boy Scouts took off on a special Greyhound bus early yesterday morning for Irvine Ranch and the National Boy Scout Jamboree. With them is Scoutmaster Scott Thompson (with staff in hand). At

the Jamboree site they will be with more than 50,000 Boy Scouts from all over the nation and foreign countries. The Jamboree will open officially tomorrow and continue until July 24. The local boys and others from Coachella Valley are designated as Jamboree Troop No. 28.

Junior Chamber Asks Permit for Auto Races Here

No action was taken by city council last week on the letter requesting a permit for an existing contract between the Palm Springs Aero Corporation and George Carey, of the Sports Car Racing Association of California.

Council informed Jim Hadlock, Jaycees president who submitted the letter requesting the authority to grant the permit because of an existing contract between the Palm Springs Aero Corporation and George Carey, of the Sports Car Racing Association of California.

"THE FIRST ROAD RACE in Palm Springs and all subsequent road races up to the Spring of 1953," wrote Hadlock, "were sponsored by the California Sports Car Club, Inc., a non-profit organization whose purpose is the furtherance of the sport of amateur stock car racing."

The most recent race was a private promotion and though well handled... caused a controversy in sports car circles.

See RACES, Page 2-A

City Sets Amount to be Raised by Property Taxes

City council last week officially set the amount of money to be raised by property taxation within the city to operate the city for the 1953-54 fiscal year at \$410,198.

The measure, which was adopted unanimously, fixed four amounts to be raised: library, operation of the city government, parks, music and advertising, and sewage facilities.

SETTING OF THE TAX for the fiscal year was deferred by council until the next meeting.

Sums for the various departments designated by the ordinance are:

Welwood Murray Library, \$24.20.

Operation of city, 272,803.

Advertising, parks, music, 33,000.

Sewage facilities, 67,985.

City Manager Russell Rink said that the tax rate will undoubtedly be maintained at \$1.28 per \$100 assessed valuation.

YESTERDAY, after arrival at the Camp site, and today, the

local boys completed organization of their contingent. The desert contingent will be Troop 28 at the National Jamboree.

A. P. La Fonda of Thermal is director for the desert troop and has been holding meetings preparing for the Jamboree since June 2. The theme of the desert troop is in the Arab motif and they will present an Arab pageant to a sectional campfire of about 3,000 people. Scouts from Desert Hot Springs, Palm Springs and Cathedral City having important parts in this event are Albert Lamoureux, Larry Meek,

See JAMBOREE, Page 2-A

NATHANSON ASKS BAN ON SHIRTLESS STROLLS

Councilman Jerry Nathanson proposed at council meeting last week that the city adopt an ordinance prohibiting men from walking on Palm Canyon drive without wearing a shirt.

Council, after brief discussion, instructed Jerry Bunker city attorney, to draw up such an ordinance.

Bunker took the assignment with his tongue in his cheek.

HE ASKED council that it might find itself smothered in protests and might have to call a public hearing on the measure.

Mayor Charles Farrell also said that the proposed ordinance could start a heated controversy.

He said that a similar law had been proposed some years ago and that it had been "very controversial."

The first law was proposed shortly after the city was incorporated 15 years ago and produced a hot battle.

NATHANSON INDICATED his proposal was not based on morality or scantiness of attire.

If they cannot walk up and down Palm Canyon drive or city streets without shirts, they won't be able to go into restaurants, cafes and lunch counters that way.

It will aid cafe and restaurant operators to protect their more squeamish customers who do not

like to sit next to shirtless men, he indicated.

AT ANY RATE, consensus at council meeting was that if the ordinance were enacted into law there would be plenty of controversy.

It was also said that there will be plenty of discussion of the measure between now and the time it is up before council for adoption or rejection.

Council, after brief discussion, instructed Jerry Bunker city attorney, to draw up such an ordinance.

Varner Opposes Fire Station Plan

Supervisor Homer Varner said he had withdrawn his backing of a move to have the county build a fire station at North Palm Springs. He said the project would cost three times as much as the area pays in county taxes.

He added that he was in favor of letting the community have the use of the fire truck now stationed there in a garage if they continue to house and man it.

C. C. Covey of North Palm Springs, who donated the lot for the fire station and who is now housing the fire engine—free—said Monday that there are 500 homes in the area and that, while there are efficient men to handle the fire truck, they are not always available.

He said that the Palm Springs department is prohibited from fighting fires outside the city limits and that the next nearest county truck is at Desert Hot Springs, more than six miles away.

Dilworth Denies Political Rumor

State Senator Nelson Dilworth of Hemet, Friday set at rest rumors that he planned to enter the congressional race from this district next year against Congressman John Phillips.

The flurry of talk was set off by a Los Angeles newspaper in a "Rumor story" earlier in the week.

Dilworth's comment was "no thought of it."

Sunair Drive-In Plans 3-D Films

Bill Bronstein, manager of Sunair Drive-In theater said this week that 3-dimension, the latest technical advancement in motion pictures, will soon make its debut at the theater.

The first showing will be as soon as the change over on the screen is completed. The Sunair, he said, will be the first Drive-In in the county to show 3-D films. He said that by the end of the year there will be 25 or more films available for 3-D showing.

It will not be necessary to close the theater for installation of 3-D. Bronstein said as the change in the projection booth can be made in three hours and it will take only a day to paint the screen.

Must Use Auto Only for Business Needs

James P. McGuinn was fined \$150 and prohibited from driving his automobile except on business for a year, when he pleaded guilty to a charge of drunk driving in Judge E. E. Therieau's judicial court last week.

He had previously denied the charge and asked for a jury trial.

POSTCARD of the WEEK

from Desert Sun readers seeing America and the four corners of the world.

FROM MEXICO—This week's postcard from vacationing Villagers is from the Terry Rays who are spending the summer south of the border. Ray, who went to Mexico to recuperate from a long illness, writes that he is "feeling fine."

Science Sunday Classes Continue

Sunday School sessions for young people up to the age of twenty years will continue throughout the summer in all Christian Science churches, a member of First Church of Christ, Scientist Palm Springs said Monday.

"We do not close our Sunday School during the summer months, but continue our sessions 52 weeks a year," it was pointed out.

Church Leaders at Conference at Forest Home

Dr. James H. Blackstone Jr., pastor of Palm Springs Community church will preach Sunday morning on the topic: "Christ, the Captain of Our Salvation."

The morning worship service will be held at 9:30 a.m. as will be the practice at Community church during July and August.

Sunday school classes for young children on through the sixth grade will also be held at 9:30 a.m. Other classes will join the church service.

Five Christian education leaders from the church this week are attending a training conference at Forest Home. They are Mrs. E. B. Walker, Mrs. Jane McPherson, Mrs. Alice Mills, Mrs. James H. Blackstone Jr., Mrs. Lennie and the Rev. Daran Yaylor. An effort is being made to provide more activity for young people of the church during the summer months. A report on the activities of the conference will be presented at Sunday morning's service.

Gas Companies Rush New Pipe Lines Into Southland

In receipt of final approval by state and federal regulatory bodies of a \$210,000,000 project to bring additional midcontinent gas into California, Southern California Gas Co. and Southern Counties Gas Co., acting jointly with El Paso Natural Gas Co., are rushing completion of new pipelines and compressor stations. The two Southern California companies have increased their investment in the 214-mile California portion of the line between Blythe and Los Angeles from an original \$12,000,000 to a present investment of about \$40,000,000.

The total investment of all gas companies involved in the Texas-California gas pipeline project will exceed \$500,000,000 by the end of 1954.

The original Texas-California

Pest Abatement Rate Unchanged

Directors of Coachella Valley Mosquito Abatement district which includes portions of Palm Springs city and extends from Whitewater to a point far east in the desert, adopted a budget of \$94,045 for the 1953-54 fiscal year and set the sum to be raised by taxation to meet this figure at \$80,392.

They asked for a tax rate of 15 cents per \$100.

The new tax rate is the same as for the 1952-53 fiscal year.

GOD THE SOURCE OF LIFE SAYS SUNDAY SERMON

That increased activity and vigor result from an understanding of God as Life will be stressed in the Sunday Lesson-Sermon on "Life" in all Christian Science churches.

The Golden Text is from John (5:26): "As the Father hath life in himself; so hath he given to the Son to have life in himself."

A Bible citation from the Acts (9:36-40) tells that Dorcas, who "was full of good works . . . was weak, and died." And the disciples sent unto Peter "desiring him that he would not delay to come to them . . . When he was come, they brought him into the upper chamber: . . . But Peter . . . kneeled down, and prayed; and turning him to the body said, Tabitha, arise. And she opened her eyes: and when she saw Peter, she sat up."

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures": Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

"With its divine proof, Science reverses the evidence of material sense" (p. 215).

Plan Organization of Church Here

The Rev. G. E. Eastabook of the United Pentecostal church Monday asked all those interested in organizing a church of

AT REDLANDS BOWL — Donivee Ellison, young Village girl, who appeared in "Midsummer Night's Dream" at Redlands Bowl last weekend as Queen Titania.

Donivee Ellison One of Stars at Redlands Bowl

Donivee Ellison, talented young daughter of the Jack Ellisons of Palm Springs, played the part of Queen Titania in the "Midsummer Night's Dream" presentation at the Redlands Bowl last week.

The Bowl was filled with thousands of spectators for the spectacle and reviewers termed 12-year-old Donivee's performance as "delightful". This was her second appearance in the Bowl as she was in the cast last season also.

Also in this year's cast were Donivee's three sisters, Jacqueline, 10, Joanne, 8, and Jane, 4. The four sisters appeared on a ballet program for the Palm Springs Woman's club this season.

that denomination here and construction of a church building to contact him at 403 North El Segundo or call him at 4362.

Rev. Eastabook said plans for the new church will be completed by Fall.

Varner Urges Joint Action on Pleas for Airline Service

Chambers of commerce of concentrated effort to obtain such service.

Supervisors acted on recommendations of Homer Varner who said:

"Cities and towns can do a lot more if they are included in a joint application. If each individual chamber of commerce works by itself the result will not be nearly as effective. We will be in a more strategic position if we work together."

Eagle Canyon Market Now Remodeled

The Eagle Canyon Market in Tramview Village, owned by Ruth and Bill Norris, has recently been remodeled.

The Market, which will be open all summer, has the Desert Sun on sale at its counter.

Carnation Corner

BY
June Goode
CARNATION HOME SERVICE DIRECTOR

Sherbets originated in Turkey centuries ago and were a favorite delicacy in the luxurious palaces of the wealthy. Yet, even a pampered Sultan, surrounded by slaves who catered to his every wish, never enjoyed a sherbet as delicious as Carnation Sherbets!

Part of the secret of their goodness is in the wonderful flavors. Only the choicest fruits, only the most careful preparation, will do for Carnation Sherbets. Their fruity freshness pleases the most discriminating. And just as important is the wonderful smooth texture. Almost creamy on the tongue. Not a trace of graininess or hard ice crystals. Do enjoy Carnation's superior Sherbets—in your favorite flavors . . . orange, lime, and a very special raspberry.

Beauty Trick for Gardeners
Cream hands well, slip on a pair of thin cotton gloves, then your work gloves. A beauty treatment while you work!

As a wonderful contrast in taste and texture, serve small dishes of Carnation Sherbets right along with your meat course. Delicious with lamb, broiled beef patties and almost any kind of barbecued meat.

SHERBET PUNCH
(Makes 8-10 Servings)
2 cups pineapple juice
2 cups orange juice
½ cup lemon juice
½ cup sugar
1 quart gingerale
1 pint Carnation Raspberry Sherbet
1 pint Carnation Lime Sherbet

Combine pineapple, orange, lemon juice and sugar; chill. Just before serving mix chilled juices and cold gingerale. Float scoops of Carnation Sherbets over top of fruit punch.

WHAT'S Zingher?
That's the name for ginger, in ancient Sanskrit! Ginger was cultivated in the Orient centuries before it was known in Europe. Marco Polo wrote glowing accounts of this beautiful tropical plant, with its large, brilliant flowers. The Spanish brought ginger to the New World. Nowadays, the world's finest ginger is grown in Jamaica. We grow some here, too, in southern Florida. I'm glad there's plenty for all now! We'd certainly miss our spicy gingerbreads, cookies and refreshing gingerale!

PARTICOLOR FROST
Such a pretty idea! Buy three Carnation Sherbets. Slice and arrange layers of Orange, Lime and Raspberry in a refrigerator tray lined with wax paper or foil. Freeze until serving time. Slice into particolor layers. You and your guests will love the combination of fresh flavors, the good smoothness of Carnation Sherbets.

HINTS FOR HUSBANDS
Don't throw away that old hose! Use long sections as bumpers on garage walls to protect car doors. Slit a section and use to protect saw edge. Use short cross sections as tool grips on wrench handles and screw drivers. Slit sections to slip over hammock sling to protect porch floor. Cut and save short sections to use over strings when carrying heavy packages.

Desert Court Bill Signed by Gov. Warren

Judge for Indio Branch Court to be Named in Fall

Governor Earl Warren Friday signed into law a bill passed by the last state legislature giving the desert area a superior court judge. The action climaxed long agitation by desert area residents and the Desert Bar association.

Gov. Warren is expected to appoint the new judge in October. The measure provides that the fourth judge shall preside at Indio in a branch of the county court. The other three judges will sit at the county seat.

Detroit Man New Lions President

Harold West, president of Palm Springs Lions club and members of the organization, Saturday received word of the election of S. A. Dodge, Detroit, Mich., industrialist, as president of Lions International. He succeeds Edgar M. Elbert of Maywood, Ill.

It was reported at the convention, which was held in Chicago, that, as of May 31, 1953, there were 10,260 Lions clubs with 475,013 members.

During the past year, Lions clubs were established in eight additional countries and that there are now Lions clubs in 45 countries on six continents.

BESIDES THE DESERT BAR association, county supervisors and the county grand jury also urged the appointment of the fourth judge for the county.

Although he will first be appointed by the governor this fall, the new judge will have to face election in 1954.

Palm Canyon

Closed Signs

Mean "Closed"

Canyons on the Indian reservation are closed for the Summer and this means to all except by special permit, Ned Mitchell, local Indian agent warned again this week.

As a result, a warrant was issued Monday by Judge E. E. Theriau in Palm Springs judicial court for the arrest of Edward Berry, 23, of Southgate, Berry is accused of trespassing.

The warrant was issued on complaint of Mitchell who charged that on July 4 Berry and a woman companion ignored "Private Property—No Trespassing" signs at the entrance to Palm Canyon on the Agua Caliente reservation and crashed the barrier.

Berry faces a hearing on charges of illegal entry on private land.

if PAUL REVERE had had a phone

he could have flashed over the wires his warning of the enemy's approach, instead of shouting it from horseback through "every Middlesex village and farm." But then his history-making deed would never have been immortalized in song and story.

Paul's momentous ride, together with the signal lights hung high in the belfry-tower of Old North Church—"one if by land, and two if by sea"—shows the importance of a dependable communication system in times of emergency. The American telephone network, the greatest in the world, is a bulwark of defense and a far-flung web binding us all together in friendly companionship in times of peace. And a remarkable thing about telephone service is that it is so inexpensive in comparison to its value and importance.

Carl Melau, 44, Dies in Boating Accident in North

Desert friends were notified last week of the sudden death of Carl Melau, 44, Village resident. He and Mrs. Melau, the former Jean Forville Surbridge, were spending the Summer at their property on the Tualatin river, Oregon when the tragedy occurred.

Mr. Melau was drowned in a boating accident on the river. The mishap was witnessed from the shore by his wife and two neighbors who were unable to get help in time. It is thought he was hit by the boat and stunned as otherwise his well known swimming ability would have enabled him to reach shore easily.

Last rites were said in Rockford, Ill.

While living here Mr. Melau was associated with the Guarantee garage.

State Starts Plans to Widen Highway 60 to County Seat

Steps to eliminate another narrow two-lane winding road where on busy days traffic is often strung along behind slow-moving trucks on the winding grades for miles. It will shorten the time to Riverside and on through Santa Ana canyon to the beaches or on 60 to Ontario, Pomona and Los Angeles.

DESERET MOTORISTS will have a choice of two freeways to Los Angeles, via Riverside or Redlands. Work is already well underway on the latter route to provide a four-lane freeway all of the way from Palm Springs Junction to Los Angeles.

In response to a question by Supervisor Homer Varner, Cowgill said that the purchase of rights of way for the proposed rerouting of Highway 99 to avoid the Banning Bottleneck was proceeding but that it was a complicated process.

Varner said he understood the prices offered by the state were proving satisfactory.

ESTABLISH FUND Council adopted a resolution establishing a fund for sewer system connection moneys at their meeting last week.

Parking Meter Receipts Higher

City Treasurer Robert W. Peterson reported Monday that the "take" from the city's parking meters for the fiscal year which ended June 30, 1953, was \$18,149. This represents a gain of \$500 over the previous fiscal year.

There were 228 parking meters in operation in June, he reported. Many meters were taken off of commission on June 15 for the Summer months and all of the city's meters are now undergoing annual cleaning and adjustment.

Since the parking meter law first went into effect in March, 1949, total collections have been \$77,182 Peterson reported.

George Thompson Resigns Position as Hotel Manager

Veteran hotel man George Thompson who 10 years ago came to Hotel the Oasis as manager, this week announced that he has resigned his position.

Thompson, who is at his ranch at Rancho Santa Fe, said that he had no immediate plans but has a warm spot in his heart for Palm Springs and may be back here.

In 1943 Dewey Metzendorf of Anchorage, Alaska was vacationing at the Hotel the Oasis and he and Thompson, with the late E. A. Rasmussen (Anchorage banker) purchased the hotel, which was sold last season to Western Hotels Inc. Metzendorf is vice president of Western Hotels Inc. and holds a controlling interest in

the Oasis and Thompson stayed on as manager during the preliminary building program.

The beautiful Hotel the Oasis underwent extensive remodeling and plans for enlargement are still to be completed. One of the first steps was the handsome new dining room that was completed the first part of this year, shortly before the Hotel observed its tenth anniversary.

To Tour Europe

The Earl Callans and their popular young daughter Betty, who are in Los Angeles, plan to sail for Europe in August for a couple of months.

Jet Tests

Plan Speed Trials at Salton Sea

North American F-86D speed test is being planned for the near future at the Salton Sea the United States Air Force announced Friday. Official timing equipment will be available to record the test in the event the present speed record for operation aircraft, 698.5 mph, is exceeded. The current record was set last November at the Salton Sea in an F-86D piloted by Capt. J. Slade Nash of the Air Force Flight Test Center at Edwards, California.

The pilot for the speed run has not yet been named.

The speed test is part of the Air Research and Development Command's development test program for the nation's newest air defense interceptor. Personnel of North American Aviation, Inc., will assist the Air Force in carrying out the project.

From Page One—MORE ABOUT

JAMBOREE

Roger Williams, Jerry Greenfield and Gerschwin Holtzman. Rehearsals for this event have been conducted for the past few weeks.

SCOTT THOMPSON of Cathedral City, official of the Palm Springs Council Boy Scouts, will accompany the boys to the Jamboree as assistant Scoutmaster.

Boys from the Palm Springs district who left yesterday for Irvine ranch are:

Troop 39, Palm Springs, Gerald H. Greenfield, Roger A. Williams, Duane A. Eskew; Troop 56, Palm Springs, Joel Butler, Raymond Rasmussen; Troop 59, Desert Hot Springs, Larry Meek, Albert H. Lamoreaux; Troop 81, Cathedral City, Mike A. Woody, Rodney E. Gorges, Tom N. Larstean, Gerschwin A. Haltzman; Troop 76, Palm Desert, Gary Oelsen.

Boy Scouts from all over the nation have been gathering at Irvine Ranch since Monday for the big event.

George M. Roy at Gem School

Roger Williams, Jerry Greenfield and Gerschwin Holtzman. Rehearsals for this event have been conducted for the past few weeks.

SCOTT THOMPSON of Cathedral City, official of the Palm

Chamber of commerce.

Guthrie said that agents for the commission were now acquiring rights of way for the freeway through Banning and that work on this project would be well under way in two years.

Villager Leaves for Post at Einwetock

Alan O'Hara, resident of North El Segundo, will leave Burbank by air tomorrow to go to Einwetock in the Pacific. He has been engaged by the Atomic Energy Commission to serve as recreation director.

Mrs. O'Hara will remain in the Village with the children.

PUBLISHER'S CORNER

The law relative to meetings is predicated on this declaration:

"In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exists to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly."

"The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created."

It has been said that the city council would be in session all night if it had to deliberate then and there every item on the agenda. The members need more time to discuss certain important measures, it is pointed out, which they can better do at formal gatherings prior to council meetings. The trouble with this procedure is that members are thus able to express their views in private which the people have a right to know. This section might be overcome if all members gave their views briefly before voting on any matter that had been "thrashed out" at an informal gathering. It is the intent of the law that they should make their views known. It also helps to satisfy the pros and cons that their views were given fair consideration. "yes" or "no" vote without open deliberation is not in the public interest.

The sad part of it all is that the people—whom the law is trying to protect—are to blame. Their incredible apathy toward the conduct of public agencies encourages public officials to believe the people just don't care. It may be, on the other hand, that the people have become discouraged because they feel members of local bodies have made up their minds in advance of meetings. If this is true, more open deliberations might encourage better attendance at the meetings.

From the national level right down to the local level the people have been kept too much in the dark. Beginning at the top with the present national administration the trend is toward keeping the people better informed. Our freedom is wrapped up in our right to know.

Citywide Recreation Activities

DESERET SOFTBALL league—Polo Grounds. Every Tuesday, Wednesday and Thursday at 9 p. m. Monday nights at Desert Hot Springs.

LITTLE LEAGUE—Doubleheaders every Monday and Friday night. Game time, 6:45 and 8:30. Polo Grounds. No game this Friday because of Boy Scout jamboree.

MINOR LEAGUE—Wednesdays, 8 a. m. Polo Grounds.

BOYS CLUB—1000 East Andreas road, Ages 6 to 13. Tuesdays, Wednesdays, Thursdays, 3 to 5 p. m. 7 to 9 p. m.

Sign Ordinance Changes Voted by City Council

City council last week adopted Ordinance 270 which amends previous measures to date in placing and maintenance of advertising signs and lights.

Under the new measure clear headlights are permitted if they do not fall upon public streets or adjacent property in an objectionable degree.

No signs are permitted in single residence districts except on a 11 unilluminated name plates. Identification signs for public utility offices, churches, clubs, public or private schools are limited to four square feet.

For sale, rent or lease signs are limited to two square feet under the measure. Warning signs against trespassing are limited to three square feet.

Signs on multiple unit properties can only be half the stipulated size if directly lighted, otherwise shadow lighting of unilluminated signs must be used. The measure will be effective August 8.

Assessments

Protests Heard by Supervisors

County supervisors will conclude hearings on protests against assessments at the last of three hearings next Monday at 10 a. m.

So far two protests against assessments have been denied and one postponed. None were from the desert area.

Supervisors sit as a board of equalization to hear assessment protests the first two weeks of every July.

THIS SIDE OF THE SUN

stove." . . O. K., sorry, must have been two others.

LOUISE McCARN, city clerk, just got back from San Francisco where she visited daughter Martha and family . . . Mrs. McCarn acquired a glowing sunburn sitting outside with her new granddaughter . . . On her way down the coast, the city clerk stopped off at Carmel to visit Priscilla Chaffey . . . former Village newswoman now in

the real estate business there . . . Priscilla said they were just as goofy at Carmel as here . . . Told Mrs. McCarn that the other day a woman came to her office and asked: "Are you Mrs. Green?" "No," said the ex-Villager, "I'm Mrs. Chaffey." "Oh, certainly, I'm sorry," said her caller . . . "I'm Mrs. Green."

ZADDIE BUNKER, the only flying great-grandmother, gave Palm Springs considerable plug

over San Diego Television last week . . . Mrs. Bunker flew to San Diego with Marie Nesbit of Wheeling, West Virginia, to attend the International Convention of 99s . . . Organization of women flyers . . . And when it was found she was a flying great-grandmother, was interviewed on TV . . . She told the commentator that she was found in perfect health when taking her examination for a pilot's license. Said she was even good enough to get a commercial license . . . And admitted being 66 years old . . .

"To what do you attribute your good health?" asked the TV man

. . . To the fact that I have lived in Palm Springs all my life," was the quick answer . . . Miss Nesbit flew back here with her to be her guest . . . The West Virginia aviatrix was one of the contestants in the Powder Puff derby last week.

JERRY NATHANSON's proposal to prohibit shirtless men from roaming the city streets is going to arouse a lot of controversy . . . The arguments against it—this is a place to relax, go native, be casual, and so on—are too well known to repeat . . . But on the other side of the picture, are several restaurant

and fountain operators who say that some of their patrons don't like shirtless men next to them . . . We may come to a situation where places will advertise—"Children and shirtless men permitted" . . . Some resorts in the east have laws on the situation . . . I know of two resorts that prohibit men with hairy chests from going without shirts.

A LETTER to a Los Angeles newspaper this week interested me . . . The writer told how he had watched out of the window of his office a small fire start at the base of a mountain and in a few hours develop into a

Gala Summer at Honolulu for Students

By Janet Jaynes
Editor's note—Miss Jaynes, Stanford student and Palm Springs resident, is among the throng of university students from California now vacationing in Honolulu and attending the University of Hawaii.

This year's summer invasion of Hawaii includes the usual high percentage of Southern Californians as well as hundreds of college students from all over the country.

Among those who are interposing classes at the University of Hawaii with their sunny days at the beach are Stanfordites Pat Haze and Nancy Lee McIntosh. Also from Stanford is Dick Scruggs, Phi Kappa Sigma, who is taking a break from classes only to assume the position of working-man six days a week, and as he puts it, "enjoy four days a month at the beach."

Jim Grolo, Stanford Med School, is enjoying Waikiki surfing while visiting here with his family, but he plans to return soon to his first love—sailing at Balboa. Recent Stanford graduates, Chuck and Wendy Malouf, are spending the entire summer here and plan to celebrate their first wedding anniversary on the Islands in September.

UCLA is also well represented in Waikiki by Larry Grossman and Kenny Platt, Pi Lambda Phi, two members of Jan Rouse's SITA Adventure Trails group. Lee Brady, an S. A. E. at UCLA, accepted his diploma in June and is now enjoying a summer of work and play before reporting for active military duty in October. Another UCLA student, Natalie Bernet, Kappa Alpha Theta, became an outrigger canoe enthusiast while crewing for SITA in the Fourth of July Malahini (newcomer) outrigger races at Waikiki—and she proved to be a very capable paddler too!

Monday is the big day in Honolulu for that is when everyone turns out to welcome in the Lurline.

Aboard on this trip is a group of UCLA Theta's including Darlene Dwyer, Marilyn Ackerman and Linda Schow accompanied by their SC sorority sisters Diane Disney and Janice Birsall. These arriving collegians can look forward to a visit in the Islands which is both gay and interesting—and one they'll talk about for a long time.

Anita Belding, who is now making her home in Honolulu, took a group of us to meet the Lurline the first Monday we were here. Bands, streamers, hundreds of leis. What a beautiful sight! Later she gave a party for us at her home, with dinner served on a terrace that goes right out into the water. It was a lovely party—full moon, music, leis for everyone, flaming torches, wonderful food and fun people.

The people here are all eager to help and entertain the hundreds of co-eds. In fact they are extremely courteous to all visitors and seem more than willing to help out in any way they can.

Have Fun

And Keep in Touch with Desert Sun

KENASTON'S DANA—Danae, winner of this year's Ramona handicap who broke the track record in a training run, is shown here with her owner Villager Helen Kenaston. Beautiful Danae, who suffered an ankle injury that kept her out of subsequent races at Hollywood may be taken to Kentucky for breeding while recuperating. She is one of four race horses in the Kenaston stables.

12th Wedding Anniversary

Mr. and Mrs. Bob Morris of Casual-Aire who were celebrating their 12th anniversary on Monday, were dinner guests of the Bryan Martins of the Outpost Estates that evening.

Smits and Wife Fly to Honolulu

Charley Smits, 2495 North Indian avenue, chef extraordinary at Irwin Schuman's Chi Chi, accompanied by his wife, will board a transpacific airship Monday night for a flight to the Park.

They spent the week end of the Fourth with friends in Hollywood returning to their Village home on Tuesday.

They left soon afterwards for Los Angeles and will spend part of the Summer in Laguna, possibly making a trip to Kentucky. They will be at Del Mar for the racing season, returning here in the Fall.

The couple plan to spend five to six weeks in the islands where Charley, who bravely tells the world that he voted for Harry Truman, plans to spend some time talking about the next presidential election and "how those Republicans will lose then!" The Smits will return to the Village early in September and Charley preparing his special dishes back at the Chi Chi.

Herberts Spend Summer in L. A.

Monte and Bette Herbert who had planned to be in Balboa this Summer, changed their minds and have an apartment in Los Angeles near the Los Angeles Country Club.

Monte, the popular vice president of Tamarisk Country Club, was in the Village on Wednesday and said they may go East on a trip in September before returning to Palm Springs.

Korean Veteran Guest in Village

Corporal Frank Astorino, just returned from active duty in Korea, was the guest of Miss Dorothy Allen last week. He went east Friday to visit his parents in New York before being stationed in North Carolina.

The marriage took place in Yuma on June 24.

Gerald attended the Palm Springs high school and is employed at Fred's Texaco service station. The young people will make their home in the Village.

Mrs. Kenaston Crowns Victor in Lassie Stakes

Jack and Helen Kenaston (she owns the race horse Danae) attended the Lassie Stake race at Hollywood Park last week and Mrs. Kenaston was chosen to crown the winner. Afterwards the Kenastons attended the party given in the Press Club atop the Park.

They spent the week end of the Fourth with friends in Hollywood returning to their Village home on Tuesday.

They left soon afterwards for Los Angeles and will spend part of the Summer in Laguna, possibly making a trip to Kentucky. They will be at Del Mar for the racing season, returning here in the Fall.

The Kenastons' daughter Marcia, who is a student at Stanford, is attending the Summer session at the University of Guadalajara in Mexico where she is taking courses in Spanish, folk lore and art.

McKinneys Host Buffet Dinner

Mr. and Mrs. Eldon McKinney of 673 Warm Sands Place, entertained a group of fifty relatives and friends at a buffet dinner Friday night honoring their son Gerald McKinney and his bride, the former Miss Mildred Friedman, daughter of Mr. and Mrs. Matthias Friedman of Los Angeles.

The marriage took place in Yuma on June 24.

Gerald attended the Palm Springs high school and is employed at Fred's Texaco service station. The young people will make their home in the Village.

Freunds at Beach for Vacation Stay

Mr. and Mrs. Walter Freund, owners of the Sandcomber hotel, are enjoying a holiday at Long Beach prior to Mr. Freund's departure for New York for a visit with his mother. The Freuds will be returning to the desert within a few weeks.

Lee Mullers on Way Home

Frank and Lee Muller of the Las Palmas postcard from Germany that they sail for home on August 27 and will be back in the Village by September. The Mullers have toured Rome, Florence, Venice in Italy, Switzerland, Austria and Germany. The card was written in Munich.

Mrs. Muller wrote "Europe is nice to see but give me the USA and I mean Palm Springs and the Las Palmas. It has rained every day except four and it is quite warm."

Corwins Now at Gate City Spa

Mr. and Mrs. Lewis Corwin of Los Angeles, winter visitors to Palm Springs and former residents, are vacationing at Arrowhead Springs hotel.

The Corwins were among hotel guests participating in the gals starlight dances which take place each Saturday night by the hotel's picturesque swimming pool. The dances are proving popular with those who enjoy the coolness of outdoor dancing at the mountain resort, which is located in the San Bernardino mountains overlooking the San Bernardino valley.

Miss Hess to Become Bride at Church Rite to be Bride on August 25

Miss Doris Hess, daughter of the Rev. Hesses of Yucaipa, will become the bride of Robert Snyder Green of the United States Navy at ceremony to be performed Saturday afternoon in St. Paul's of the Desert Episcopal Church.

The wedding reception will be held at the home of Mr. and Mrs. Chester Moorten at 582 So. Calle Encelia, following the ceremony.

The bride-to-be is a former Villager and a graduate of Palm Springs high school.

Following a honeymoon trip to Pennsylvania and New York the young couple will be at home in San Diego, where the bridegroom is stationed.

Villagers Back from Auto Tour

Mrs. Leone Inman of 387 Val Norte del Sur, her mother Mrs. Agnes Heaton, daughter Mrs. Robert Morrison Jr., and grandson Bobby Morrison have returned from a 10-day motor trip to Northern California.

Going North on the San Simon highway to San Francisco, they visited Gordon Inman, who is stationed at the Presidio.

Mrs. Inman and her party drove up the Redwood highway before returning home.

Last Inning Rally Wins for Police

Junior Police pulled one out of the fire Monday night in Little League play at Polo Grounds when they scored three runs in the last of the sixth to trim Cravy-Hathaway Braves 4 to 3.

The Braves went ahead in the fourth and sixth to lead 3 to 1 when the final inning started but the Police came through with three to win.

Burke and Ruiz, pitching for the Police, held the Braves to three singles.

Street Plan

Section 26 to be
Mapped by City

City Planner Wolfe Roesseler
was authorized by council last
week to draft a major street plan
for Section 26, Indian land on the
southside of Highway 111 opposite
Deep Well Guest ranch and
Hotel Biltmore and other property
in that vicinity.

The project extends from Alejo
road to Paseo El Mirador.

The authorization was granted
on request of Interior's Indian
on request of Department of Interior's Indian Field Service.
Henry Harris Jr. of the service
told council that a major street
plan will assist in the sale of
Indian allotments on Section 26

to private individuals.

Time for completion of exten-
sion of improvement of Indian
avenue to November 1 was auth-
orized by city council last week.

The project extends from Alejo
road to Paseo El Mirador.

John Keefe, public works di-
rector, was instructed to use his
judgment on progress of the wid-
ening plan with the proviso
that the portion before El Mirador
be completed by October 15. This stipulation was
made when the hotel gave the
city rights-of-way for Indian ave-

Extra Time for Indian Ave. Job

With the more dangerous 1953, traffic took 79 lives on
county highways. During the
similar period in 1952, the total
was 62.

Up to July 11, there had been
three additional deaths on county
roads.

Coroner Ben White said that the
next few months, if they fol-
low the pattern of other years,
will be the most deadly. July
August and September, the vaca-
tion months, bring a sharp rise
in traffic fatalities, he said.

There have been no traffic
deaths in Palm Springs this year.
Sgt. Howard Poe of the city traf-
fic detail said last week.

During the first six months of

1953, traffic took 79 lives on
county highways. During the
similar period in 1952, the total
was 62.
